Management Committee's Report 30 June 2017

Summary of operations 2016-2017

Evaluation and Effectiveness

Mabobas' Promise Incorporated has three key Strategic goals for the 2015-2019 period:

- Goal 1: Empower Afghan women and children to make a positive and permanent impact on their lives and their community:

- Goal 2: Improve organisational effectiveness:

- Goal 3: Enhance relationships with stakeholders.

These goals reflect the organisation's commitment to transitioning from immediate aid assistance towards development programs that promote long term individual and community empowerment and capacity building through stronger organisational efficiency. These goals form the basis for Mahboba's Promise Incorpated's evaluation of effectiveness for its operations.

The projects implemented by Mahboba's Promise in the 2016-2017 financial year emphasises this commitment to permanent change for our beneficiaries over welfare dependancy. The organisation conducts internal evaluations and reviews projects to monitor progress, risk management and beneficiary impact. Each project concept is developed and assessed on how its goal, objectives and outcomes align with the Strategic Plan. The development of a Logical Framework for each project breaks down the objectives, outputs and outcomes for the project being delivered as well what means of verification and evidence is used to assess how well these are being achieved throughout. These are reviewed regularly in consultation with project staff in Kabul to understand what is working and where changes can be made for better progress.

Through regular communication with the Mahboba's Promise Afghanistan office, qualitative and quantitative data is collected from each project site to assist in the evaluation of project effectiveness and beneficiary impact. Mahboba's Promise Incorporated is in the processes of implementing a regular reporting system for each project which monitors progress in relation to financial management, beneficiary impact, internal operations and learning and growth outcomes to achieve a well-rounded understanding of project progress and outcomes.

Mahboba's Promise Incorporated encourages stakeholders to reach out to the organisation should they wish to offer feedback or make a complaint about an aspect of Mahboba's promise operations in Australia or Afghanistan. Mahboba's Promise Incorporated reviewed and updated its Complaints Handling Policy to make the process for reporting feedback and complaints easier and more inclusive. Mahboba's Promise Incorporated sees any complaint or feedback as a key way to make improvements within the internal operations of the organisation and the activities undertaken.

Mahboba's Promise Incorporated has maintained its strong development presence within Afghanistan for the 2016-2017 financial year and has experienced positive progress for key projects. The year was a turning point for cementing the organisation's commitment to strong organisational operations leading to sustainable development work with long term positive impact for beneficiaries. Education, whether it is formal schooling, vocational training or early childhood development, has been a key focus for the organisation.

Mahboba's Promise Incorporated has expanded operations into a new province this year with the opening of a community garden and greenhouse in Parwan province that offers learning and social networking opportunities for 60 widows in the local area whilst also providing regular access to nutritious fruit and vegetables for the widows' families.

The opening of the Kabul Early Education Centre during the financial year has seen a rapid growth in attendance rate with the project being so popular with the local Kabul community that more teaching staff have been hired to accommodate demand. The project commenced with 26 children attending, of which 6 where non-fee paying. As of the end of financial year, the centre has 62 children attending, of which 50 are fee paying. With fee-paying students subsidising the tuition costs for disadvantaged families, access to early education in the local area has been expanded. This ensures that more children can receive the social, educational and mental development offered by early education that eases the transition into formal schooling year. This project has been so successful that Mahboba's Promise has commenced work to open another centre at Panjshir Hope House in the coming months.

The confectionery factory owned and operated by Mahboba's Promise was the site of key vocational training for 30 widows and older orphans that ran over 6 months of this financial year. Training not only covered confectionery

ABN 85 254 682 685

Management Committee's Report 30 June 2017

production and decoration, but also involved business management, accounting and marketing training. Training graduates now work as sales representatives, shop owners and marketing assistants as Mahboba's Promise seeks to expand the production and sales of confectionery. The factory was also awarded a one year contract to supply the Presidential palace in Kabul with confectionery, baked goods and other sweets. This sees the factory deliver 450-500kgs of products to the palace on a weekly basis. The confectionery factory is Mahboba's Promise Incorporated move towards social enterprise, with the factory operating completely self sufficiently.

Financial Health

The 2016-2017 fundraising year saw Mahboba's Promise Incorporated generate more than \$1 million in revenue as per the budgetary expectations of the organisation. This has allowed us to maintain our aid and development work within Afghanistan despite adverse conditions including other prominent international crises being the focus of international attention and a declining exchange rate between the Australian and United States currencies.

The exchange rate gradually deteriorated towards the end of the financial year with the average rate sitting at USD0.712416 to AUD1. Mahboba's Promise Incorporated introduced a number of cost saving measures within our Australian office to ensure the organisation's commitment to our beneficiaries in Afghanistan remained strong and the impact of the declining exchange rate had a minimum impact.

Mahboba's Promise Incorporated's operating ratios are quite healthy and as of the end of financial year the organisation's cash balance is sufficient to cover at least 10 months of actual expenses required to operate the organisation.

Future developments

The Association expects to maintain the present status and level of operations and hence there are no likely developments in the Association's operations. A new project was initiated towards the end of the financial year 2016-17 in Badakshan for orphans and widows.

After Balance Date Events

No matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Association, the results of those operations or the state of affairs of the Association in future financial years.

Environmental Regulations

The Association's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a state or territory.

Indemnification and insurance of officers and auditors

The Association holds indemnity insurance cover for members of the Management Committees.

Auditor's independence declaration

The lead auditor's independence declaration is set out on page 4 and forms part of the Management Committees' report for the year ended 30 June 2017.

1 Reporting Entity

The Mahboba's Promise Incorporated (the "Association") is an Association domiciled in Australia and is registered as a Registrable Australian Body under the Associations Incorporation Act 2009. The address of the Association's registered office is Suite 4, 1 Avon Rd Road North Ryde, NSW 2113. The Association is a reporting entity.

2 Basis of Preparation

(a) Statement of compliance

The financial report is a general purpose financial report that has been prepared in accordance with Australian Council for International Development Code of Conduct Financial Standards, the Associations Incorporation Act 2009 and the Constitution. It has been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements, other appropriate professional reporting requirements and the historical cost convention. Unless otherwise stated, the accounting policies adopted are consistent with those of the previous year.

The financial report is for the entity Mahboba's Promise Incorporated as an individual entity. Mahboba's Promise Incorporated is an association incorporated in New South Wales under the Associations Incorporation Act 2009.

The following is a summary of the material accounting policies adopted by the association in the preparation of the financial report.

Compliance with Australian Accounting Standards - Reduced Disclosure Requirements.

The financial statements of Mahboba's Promise Incorporated comply with Australian Accounting Standards – Reduced Disclosure Requirements as issued by the Australia Accounting Standards Board (AASB).

(b) Basis of measurement

The financial report is prepared on the historical cost basis.

(c) Functional and presentation currency

These financial statements are presented in Australian dollars, which is the Association's functional currency.

(d) Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are described in the following notes:

Note 10 – employee benefits.

ABN 85 254 682 685

Notes to the Financial Statements For the Year Ended 30 June 2017

3 Summary of Significant Accounting Policies

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

(a) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates, trade allowances and duties and taxes paid.

Donations and gifts

Donations and gifts are recognised as revenue when the company gains control or right to receive, economic benefits are probable, and the amount of the donation or gifts can be measured reliably.

Interest Revenue

Interest revenue is recognised as it accrues, taking into account the effective yield on the financial asset.

Other income

Income from other sources is recognised when the fee in respect of other products or services provided is receivable.

All revenue is stated net of the amount of goods and services tax (GST).

(b) Property, plant and equipment

The depreciable amount of non-current assets is depreciated over the useful lives of the assets commencing from the time the asset is held ready for use.

(c) Depreciation

Depreciation is provided on property, plant and equipment. Depreciation is calculated on a straight line basis so as to write off the net cost or other revalued amount of each asset over its expected useful life. The following estimated useful lives are used in the calculation of depreciation:

- Plant & Equipment 5 10 years (20%-10%)
- Motor Vehicle 8 years (12.5%)
- (d) Employee Entitlements

Provision is made for the Association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled. The Company's obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value.

ABN 85 254 682 685

Notes to the Financial Statements

For the Year Ended 30 June 2017

(e) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(f) Income Tax

Mahboba's Promise Incorporated is authorised to raise funds in all the major states of Australia. As a not-for-profit fundraising organisation, Mahboba's Promise Incorporated has been endorsed by the ATO as being a Deductible Gift Recipient entity, and therefore is exempt from income tax.

(g) Retained Surpluses

Retained surpluses are maintained for the purpose of investing in future projects and are to be used solely to promote the objectives of the Association as set out in the Constitution.

(h) New Accounting Standards and Interpretations

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The management committee has decided against early adoption of these Standards. None of these are expected to have a significant effect on the financial statements of the entity.

(i) Leases

Lease payments for operating leases, where substantially all of the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the life of the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

(j) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

(k) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Sponsors thank you

We would like to thank our corporate sponsors Bio-Distributors: Biodynamic & Organic wholesalers of Tasmania www.biodistributors.com.au for sponsoring our Annual Report. Bio-Distributors have done this for many years now and we feel this small acknowledgement with each Report does not do them justice. Thank you very much.
